Course Description

In 1946, Charles Fillmore hand carried a manuscript to the Unity Archives, and said, "Keep this until the world is ready." In 2006, I found that manuscript entitled, The Story of Jesus' Soul Evolution. The manuscript describes the journey of the evolution of the soul of a man named Jesus, into his Christhood, as described in the Gospels. However, Fillmore took the journey and created it in a linear fashion, as it appears throughout the four Gospels. I then, took a 1933 word of Mr. Fillmore's that describes the seven initiations that all soul go and grow through and overlaid the initiations, over the contents of the manuscript. This class is an in-depth study of that manuscript.
