Member Services

Member Services cultivates relationships and a feedback-rich environment with Unity ministries and leaders. Through leading-edge services and resources, we prosper and grow in spiritual community.

Member Services is dedicated to collaborating with our members—both ministers and ministries—in the creation of dynamic, thriving ministries. We offer services and resources for all aspects of ministry.

Ministry Administration and Finance assists with best practices for the business of ministry, providing guidance with finances, budget, bylaws, policies and procedures, and organizational development. These resources help lay a solid foundation for a dynamic, thriving spiritual community.

Employment and Transitional Services supports both UWM ministers and ministries, guiding them through all aspects of the employment processes including assistance with résumés, search packets, interviewing guidelines and contract negotiations.

We also support ministers and ministries in all phases of the transition process, assisting them in finding graceful closure, and stepping into the next stage of their journey with clarity and enthusiasm.

Evolving Ministries provides support and guidance in the birthing of new Unity ministries. We are available to collaborate with you from inception to full-ministry status. We are also beginning to explore unique and innovative ways of sharing the Unity message that engage people who may not be interested in a traditional ministry experience.

Ministry Skills Consulting Services provides leadership training and community building processes that support your ministry in thriving and more effectively serving your mission. These trainings/processes are facilitated by UWM-trained and certified consultants who bring a wealth of expertise and experience to your ministry.

Some of these consultants have extra training which enables them to serve as transitional consultants who support ministries through that special time between leaders.

Youth & Family Ministry provides guidance and support in the creation of a vibrant program for the youngest members of your ministry. The presence of youth adds energy and vibrancy to your ministry and empowers children with a deeply affirming approach to life.
