

April 4, 2019

These are updates from the Core Team for “One Unity” as of March 25, 2019.

- The **Core Team** represents the boards and organizational structure of Unity World Headquarters (UWH) and Unity Worldwide Ministries (UWM). It is not a direct representation of the diversity of staff, UWM membership, or UWH stakeholders.
- **Diversity:** We have invited the Manager of Diversity and Inclusion (D&I) to serve as an advisor to the Core Team. Among other elements, she will ensure that any products, services, policies, processes, etc., that come out of the Core Team are meeting Unity’s overall D&I initiatives and/or supporting best practices of D&I.
- **Joint board meetings** are being held the first Thursday of each month at noon (Central Time) to vision “who we want to be” while increasing the interweaving of the strategic planning of the two organizations.
- Both organizations are adopting the **operational model** of Entrepreneurial Operating System ([Get a Grip](#)) to create a common operational language.
- **“One Unity”** is the name of the project of creating a harmonized voice and presence for the Unity movement. The name of the outcome is **“Unity,”** with no designators.
- **“One Unity” projects:**
 1. Stand Up for Humanity—supporting Unity of Washington, D.C. on August 10
 2. Facebook page is under development for updates and questions about the “One Unity” project.
