Unity Worldwide Ministries Is Excited to Announce the Creation of the Virtual Experiences Department!

The areas of responsibility include creating online webinars, trainings, micro-learnings, and digital resources and hosting both virtual and hybrid events, such as the annual convention and summit. This department also supports the growth and development of youth and family ministry programs through the use of print, digital, and online resources.

This department helps us to fulfill our purpose to “develop, equip, and support Unity leaders and communities to grow in innovative, sustainable, and cutting-edge ways.”

Changing Role

[Rev. Diane Venzera](#), M.Ed., has assumed the role of Director of Virtual Experiences. Diane’s new role has her providing leadership over the planning and execution of our online trainings, virtual events, and digital resources and keeping abreast of national trends and best practices related to distance and online education. She continues to provide ongoing support and digital resources for our youth & family ministry programs.

New Staff Member

[Paul Wiltz](#) joins the Virtual Experiences team as the eLearning Technologist. Paul’s responsibilities include the production of our webinars and trainings, serving as technical support for our virtual events, and providing video editing and graphic design support. Paul’s experience includes online game design, video editing, graphic design, as well as technical expertise.

Additional Staff

[Joy Perrie](#), M.A., our project leader, will also serve as a webinar production assistant in this department for part of her time.
