

February 18, 2021

There are a number of changes that are occurring with the Member Services Team:

[Rev. Carrie Kenyon](#) has been the heart of Member Services for several years, touching many with her warm and gentle presence. She is moving into a new position of Care and Connections Coordinator. In this role, Carrie will be proactively reaching out and connecting with our members, cultivating high-touch caring relationships, building trust, and allowing us to work together more effectively.

This new role also brings Carrie's gift for connecting from the heart to the more tender aspects of ministry, such as ministries affected by a natural disaster or the passing of a credentialed leader. This will be a part-time position, allowing Carrie to explore other interests such as consulting and becoming an end-of-life doula. We celebrate the presence and gifts that Carrie has brought to UWM over the past several years and the new ways in which her heart will shine!

[Diane Pletcher](#) is moving into the role of Field Services Employment Coordinator. She has been assisting Carrie with employment for the past three years, always doing this work with excellence, efficiency, and an attitude of helpfulness. As Diane stretches into her new role, you will have the opportunity to get to know her better and be blessed by her. Diane will be reporting to Rev. Doug Duerr.

[Rev. Doug Duerr](#) is moving into the role of Manager of Member Services. Over the past three years, Doug has blessed many Unity ministries with his outstanding gifts in adaptive leadership, systems thinking, and conflict transformation. He will have oversight of the Ministry Leadership Development areas of Member Services and continue partnering closely with Rev. Cynthia Vermillion-Foster, Director of Member Services, in visioning and supporting vibrant, innovative ministry for the 21st century and beyond.
